

REDUCING GREENHOUSE GAS EMISSIONS: WHAT CAN THE VILLAGE OF LIONS BAY DO?

NOTICE OF PUBLIC MEETING

February 2, 2010

7:00 PM, Lions Bay Community Hall

TAKE NOTICE that a Public Meeting will be held in the Lions Bay Community Hall, 400 Centre Road, at **7:00 P.M. Tuesday, February 2nd, 2010** to present a draft proposal on targets, policies, and actions that the Village of Lions Bay could pursue regarding reducing greenhouse gas emissions (GHG).

The Province has mandated that municipalities amend their official community plans by May 2010 and include within them GHG emission reduction targets, policies, and plans. A draft of the package has been prepared in conjunction with the Village's Climate Action Task Force. The Village Council is interested in receiving comments on the proposal from the community.

A copy of the *DRAFT Proposed Targets, Action, and Policies: Greenhouse Gas Emission Reduction* document is available for public inspection at the Village Hall during regular office hours and on the Village's website at www.lionsbay.ca.

We look forward to seeing you at the meeting.

Rory Mandryk
Village Manager
